

## Saguaro National Park - Arizona

# Welcome to Saguaro National Park

Tucson, Arizona is home to North America's largest cacti. The giant saguaro is the universal symbol of the American west. These majestic plants, found only in a small portion of the United States, are protected by Saguaro National Park, to the east and west of the modern city of Tucson. Here you have a chance to see these enormous cacti, silhouetted by the beauty of a magnificent desert sunset.

## Did You Know?

Saguaro National Park is more than just a desert park. In fact, the highest point in the eastern district is Mica Mountain at 8,666. There you will find a dense forest of Ponderosa Pine, Douglas Fir, Alligator Juniper, and Aspen.
